TEN CENTS A WEEK

McCLELLAN AND JEROME MAY WIN

Partial Tammany Victory in Greater New York.

FIRST POLLED BIG VOTE

Entire Ticket Was Successful in Brooklyn—The Race Between Jerome and Osborne Very Close for District Attorney.

Special to The Sun.

New York, Nov. 7.—The election in this city today overshadowed all else, interest centering between McClellan, the Democratic nominee for mayor; Hearst, the Municipal Ownership candidate, and Ivins, Republican. This morning there was no one who could give the slightest reliable estimate as to which would triumph. Jerome for district attorney looked like a winner.

New York, Nov. 7, 7 p. m.—On the returns received up to 6:30 p. m. Tammany claims McClellan's election by 40,000 plurality. Jerome's party claims Jerome's election by 100,000 plurality.

Shortly after 7 p. m. The World announced that Osborne was elected over Jerome by 35,000.

At 7:30 p. m. The Times and World announced McClellan's election by 15,000.

At 8:10 p. m. The Evening Journal, W. E. Hearst's paper, conceded McClellan's election, but later claimed Hearst had won out by a small plurality.

The count was slow, and up to 11 o'clock it was impossible to tell who had been elected district attorney, Jerome leading Osborne at that hour by only 4,000. McClellan, however, is undoubtedly elected mayor.

Hearst Ticket Wins in Brooklyn.

New York, Nov. 7—10 p. m.—At 10 o'clock it looks like McClellan is elected over Hearst by 10,000 plurality. Hearst's ticket won victory in Brooklyn. Jerome now leads Osborne, Democrat, for district attorney.

McClellan and Jerome Lead.

Special to The Daily Sun.

New York, Nov. 7—11 p. m.—Returns up to this hour give McClellan, Tammany's candidate for mayor, 208,891, a plurality of 20,000 over Hearst—Ivins, Republican, being in the rear. Jerome, Independent, has 252,077, leading Osborne, Tammany's candidate for District Attorney, by 40,000.

Republicans Win in Bay State.

Boston, Mass. Nov. 7—10 p. m.—Returns from the State election for governor in 70 out of 354 cities and towns, not including Boston, give Bartlett, Democrat, 11,433, Gould, Republican, 17,835. The Republicans claim the election of the entire State ticket.

Democratic Governor of Ohio.

Columbus, O., Nov. 7.—Though returns are meager outside of Cuyahoga and Hamilton counties, indications are that Patton, Democrat, is elected governor by 100,000. Geo. B. Cox, the Republican boss, announced his retirement from politics.

No Jim Crow in Maryland.

Special to The Daily Sun.

Baltimore, Md., Nov. 7.—The vote in this city indicates a majority of 10,000 against the amendment to disfranchise the negro in the State. The same ratio against the amendment will apparently prevail. Election quiet and unexcited.

Women Burned to Death.

Chattanooga, Nov. 7.—A Monticello, Ga., special says that at Old Valley, fed by the explosion of an oil stove, Mrs. Arthur Massengill was burned to death, her husband and six other members of the family seriously injured. The house was destroyed. Mrs. Massengill is reported to have been in the city shortly after the fire.

SERIOUS AUTO ACCIDENTS.

One Person Killed and Six Were More or Less Injured.

Los Angeles, Nov. 7.—In an unprecedented series of automobile accidents into San Angeles during the past 24 hours, one person was killed, one perhaps fatally injured and six others more or less seriously hurt.

The dead are:

Mrs. H. T. Austin, 30 years old, skull fractured.

The injured:

Miss Edith Pollock, 19 years of age, skull fractured, not expected to recover.

C. C. Davis, local real estate dealer, lacerated and bruised.

F. E. Kendall, sprinkling superintendent, severe contusions and shock.

Eugene L. Titus and wife, woman internally injured and may die; man bruised.

Mrs. R. R. Robbins, of White City, Kan., arm and leg broken.

Luis Marika, cut on head.

Mrs. Austin was instantly killed, and Miss Pollock, Mr. Davis and Mrs. Davis were injured about midnight Saturday night, when the machines which they were riding stalled on the street car tracks in front of a rapidly running car with the result that the car crashed into and demolished the automobile injuring all the occupants.

Titus and his wife, an elderly couple, were run down by an automobile while they were driving at Waco and Hill street. Both were thrown to the street and injured, their horse being killed. The owners were injured by an automobile while crossing the streets on foot.

In another collision between two people were thrown out of the cars and injured. The injured were removed in the machines and their names were not learned.

MILITIA STILL IN CONTROL.

No Further Trouble Reported in the Kentucky Town.

Louisville, Nov. 7.—A special to the Post from Middlesborough, Ky., says that everything is quiet this morning but the soldiers are still patrolling the streets. Several tough characters from other sections have been seen in town today. Deputy Sheriff Thompson, who led the citizens' posse in the battle with the outlaws yesterday, says that when they came in sight of the blind tinger, Bell's two little boys came out to meet him, but when they saw who it was, they went back and immediately the outlaws fled.

There were about a hundred shots fired, but no one was hurt. The rendezvous of the outlaws is right under the Pinnacle, and is almost impregnable. The Law and Order league is still pushing the fight. Two thousand dollars has been paid into the hands of S. C. Ford, treasurer of the league, to push the fight.

Captain W. F. Nicholson has been made president, and it is believed order will soon be restored and business be resumed again.

Killed by a Drunken Man.

New York, Nov. 7.—Andrew Ingan, aged 34, was shot and killed this morning in a fight at a tenement house in Canal street. Ignac Pontremick, 24 years old, was probably fatally wounded. The police have sent out a general alarm for the arrest of Tony Mori, 26 years old, of the same address. He is charged by Joseph Shipley, the shooting. Shipley told the police that Mori, who had been drinking, saw Shipley and two other men talking and thinking they were joking with him, ordered them to desert. They drew a revolver and began to shoot. The first bullet went through Ingan's heart. Three other bullets found lodgment in Pontremick's neck. The last bullet passed within an inch of Shipley's head. Mori then fled.

Statehood Campaign Ended.

Muskogee, O. T., Nov. 7.—The campaign for separate statehood for Indian Territory, is ended, and the Nequoyah campaign committee claims to have assurance of a big vote on the constitution. Estimates from the captains of election districts show that a vote of nearly 10,000 is expected for those 15,000 are entitled to the statehood.

STRONG APPEAL IS MADE TO RUSSIANS

Authorities Hint That the Empire is Threatened.

6,000 ARE KILLED OR WOUNDED

The Riots at Odessa Have Cost an Appalling Amount of Lives and Property—Distrust Is Rampant Throughout the Czar's Domain.

St. Petersburg, Nov. 7.—The Official Messenger this morning printed a strongly worded appeal for peace. It bears Count Witte's ear-marks, hints strongly that the empire is threatened with the dismemberment unless the people rally to its support, and draws attention to the different character of the representations with which the government is besetted in the existing disorders in the country.

Some of them complaining of the zeal of the troops and others of their inaction, some asking for military protection and others for the entire removal of the soldiers.

"Although it is impossible in every case," the note says, "to diagnose the true cause of the conflicts, it is clear that their origin generally is the hostility aroused among different classes of the population. Those who are dissatisfied with the manifesto provoked the indignation of those who received it with gratitude leading to attacks and counter attacks, all of which could be avoided if the people only had confidence that the reforms set forth in the imperial manifesto will be executed. Disorders accomplish nothing and only delay the reforms which are designed to give the people a representative assembly in which to settle their differences. The duty of every faithful subject of the emperor is to aid in the pacification of the country. In particular, the note concludes, the government reckons on the support of the press which must understand that in the present situation a union of the intellectual forces of the whole nation is necessary. The tactics of the opposition, according to the Russia, will be peaceable. They will take the form of demonstrations to compel the government to redeem its promises and meet the wishes of the people. In paper claims that even Count Witte fails to comprehend the forces with which he is dealing, which consist of unions and leagues representing real or fancied distrust."

Odessa Is Quiet.

Odessa, Nov. 6—12:31 p. m.—The town is quiet today. It is now estimated that the killed and wounded during the recent riots here number 6,000. The city hospitals alone contain 2,000 wounded.

Manifesto Meets Most of Demands.

Helsingfors, Finland, Nov. 7.—The imperial manifesto meeting most of the demands of the Finns arrived here late last night. The constitutionalists are satisfied and the socialists who threatened to make a demonstration have thus far been quiet.

Muslims Are Organized.

Elizabethpool, Caucasus, Nov. 7.—The Muslim population has organized manifestations in honor of the imperial constitutional manifesto, the orators called on the population to cease all national hatred.

Mobs Pillage Jewish Houses.

Tomsk, Siberia, Nov. 7.—The troops today were forced to charge with bayonets against the mobs which were pillaging Jewish houses. A number of them were killed and many wounded. The city is half sacked.

Veteran Actor Dead.

New York, Nov. 7.—William J. Lemoine, the veteran actor, died at Inwood, on the Hudson, today of Bright's disease. Present at his bedside was his wife Sarah Crowell Lemoine, and a few intimate friends of the family. Mr. Lemoine was 71 years of age and 40 years of his life was spent on the stage.

PRINCE LOUIS LEAVES CAPITAL

English Admiral Departs After a Three Day Sojourn.

Washington, Nov. 7.—Today concluded the visit of Admiral Louis, of Battenburg, to Washington, and this afternoon he returned to Annapolis to rejoin his squadron of vessels anchored there.

In accordance with a practice followed by practically all distinguished foreign dignitaries, who visit Washington, to make a pilgrimage to Mount Vernon, Prince Louis went there in the forenoon. Secretary Root, Assistant Secretary Bacon, Ambassador Durand and Captain Ryan, the naval attaché of the British embassy, will accompany him. An inspection of the relics contained in the former home of Washington and a visit to the tomb, in which Prince Louis placed a wreath of flowers, was made, after which the party returned to Washington.

The trip was made on the Dolphin. Tomorrow night the prince is to be the guest at dinner of Admiral Sander at Annapolis, when a large number will be present.

SHIP CRASHED INTO CRUISER.

Refrigerator Vessel Trying to Make a Landing Damages Warship.

Vallejo, Cal., Nov. 7.—Caught by a powerful gust of wind while trying to make a landing at the coal wharf of Mare Island navy yard, yesterday, the refrigerator ship Celtic crashed into the cruiser Marblehead and into the floating machine shop, doing them so severe damage that the Marblehead may have to go out of commission, it is said, while the machine shop was sunk.

The force of the impact was so great that two of the fire 9-inch guns of the cruiser were completely demolished, the bridge torn away and two dingies reduced to kindlingwood. Two plates from the Marblehead were badly bent, and the machine shop, which had been rammed, soon sunk. The Celtic suffered but slight damage in the collision.

The damage will amount to many thousand dollars. The sinking of the floating machine shop will, it is said, retard work now being done.

Red Spider Injures Cotton.

Washington, Nov. 7.—The department of agriculture in a report just issued, says the red spider, or rust mite, has been quite prevalent in some sections of the cotton growing area of this country during the past two years. The spider is a minute yellowish red mite which feeds on the cotton plant, principally on the under sides of the leaves, but at times attacking all parts of the plant. The report says the pest is probably distributed throughout the entire cotton growing area of the south, although during the years it has appeared in injurious numbers, 1903, when it caused considerable damage to cotton in South Carolina and Georgia.

Posed as J. J. Hill's Wife.

Faterson, N. J., Nov. 7.—The police are looking for a middle-aged woman who has been masquerading for some time past as the wife of James J. Hill, the railroad man. She spoke often of her private car, her residence at Newport and her many automobile excursions through California and the west. She is quite tall, of distinguished bearing and talks well. Her plan is to secure an invitation to stop at a house for a few days and to secure a loan while waiting for a check from her husband. The police say that she has imposed upon people here, at Montclair and in the Orange.

Read Messages from Warship.

Washington, Nov. 7.—The operator of the radio telegraph on the battleship Kentucky has reported to the bureau of equipment of the navy department that while the ship was lying in Hampton Roads, he read two messages from the West Virginia which was conveying President Roosevelt from New Orleans to Norfolk. The messages were being transmitted to Key West, when the West Virginia was 275 miles from that city. The distance at which the messages were received on the Kentucky is estimated at 100 miles.

FINAL WEEK OF FEVER CAMPAIGN

Fight Against Plague in New Orleans Is About Over.

ONLY 1 NEW CASE; NO DEATHS

Federal Forces Which Have Been at Work in Crescent City for Some Months, Are Preparing to Leave for Their Homes.

New Orleans, Nov. 7.—Up to noon today there was one new case of yellow fever and no deaths reported.

What is expected to be the final week of the fever campaign began today with only seven cases under treatment and only a handful of centers of infection under observation.

The forces employed by the federal service have now been reduced to the minimum necessary to observe the few cases and foci remaining and district and headquarters work is being cleaned up so that an early transfer of the health situation back into the hands of the local authorities may be made. The announcement that Dr. White is not going to Chattanooga will enable him personally to supervise the end of the campaign.

The delegates to the Chattanooga convention will leave here Wednesday headed by Governor Blanchard. Though there is some opposition here opposed to national quarantine based on the fear that the south may suffer commercially, canvasses of the delegates indicate that the majority who go from Louisiana will be ready to accept a modified proposition for national supervision.

Dr. Jose Y. Porter, state health officer of Florida and his assistant, Dr. S. R. Mallory, who came here to confer with Dr. White, left today for Pensacola, Fla. Dr. Porter said the Florida situation was rapidly improving and that the necessary steps, based on the experience of this year, will be taken to prevent a recurrence of the fever next and subsequent years.

The lifting of the Alabama quarantine has permitted the complete restoration of the railroad schedules that reach that state, and already heavy travel has set in.

President Tyrrell, of Spring Hill college, near Mobile, has arrived here with the lifting of the quarantine, and is now arranging the departure of the large number of Louisiana boys who attend that institution.

No advices have been received indicating any change of attitude by the state of Texas on the question of quarantine the occurrence of cases at De Bidder in Calcasieu parish apparently convincing the Texas authorities that the danger is not altogether past.

The weather is warm and rainy, and a cooler spell is promised.

The influx of visitors and New Orleans people continues. Business in all lines shows steady improvement, and there is abundant employment for labor.

It is expected that building statistics for the year beginning Sept. 1 will break all previous records.

Texas Opera House Burned.

El Paso, Tex., Nov. 7.—The Myas opera house erected in 1887 and considered for years the finest building between San Antonio and Los Angeles, was totally destroyed by fire. Besides the playhouse and a hotel, a number of stores were located in the building. The total loss is over \$100,000. The guests of the hotel were unable to save anything. The building was owned by Henry Myas, of Camden, Ark.

Killed Wife and Self.

Los Angeles, Cal., Nov. 7.—Ira Caley, a blacksmith, shot and instantly killed his wife yesterday and then shot himself through the forehead and died in the Receiving hospital five hours later. The immediate cause of the killing was a quarrel over \$4, but the couple have not lived together happily and the woman had recently begun a suit for divorce.

PUBLIC LIBRARY FOR GAINESVILLE

Enthusiastic Meeting Held at the
Court House Tuesday Night.

MEETING WAS WELL ATTENDED

Association Organized by the Election
of Officers—Liberal Offer by the
Twentieth Century Club Sustained.
An Enthusiastic Meeting.

In pursuance to call, a large number
of representative citizens, ladies and
gentlemen, met at the court house
Tuesday evening for the purpose of
organizing a public library association.

The meeting was called to order by
Prof. W. N. Sheats, who explained its
purpose. Rev. Thos. F. Hay was pres-
ent, and in behalf of the Twentieth
Century Club stated that the club,
which has been maintaining a club li-
brary, was willing to donate to the
venture, in order to assist in the
organization of a public library, its
complete library, comprising between
800 to 400 volumes of choice literature.

The offer was accepted, and the
meeting proceeded to organize a public
library society by electing the follow-
ing officers: President, Prof. Tom F.
McBeath; vice-presidents, Rev. Thos.
F. Hay, Rev. S. B. Rogers and Mrs. W.
B. Taylor; secretary and treasurer,
Miss Gertrude Cushman. The officers
will also constitute an executive com-
mittee, and were requested to take
steps as soon as possible towards the
securing of a location and the opening
of the library.

A membership committee was ap-
pointed as follows: Miss Alice Nich-
ols, Mrs. J. B. Padgett, Miss Lucille
Colebrough, Mrs. W. M. Dele and Prof.
W. N. Sheats.

The meeting was attended with con-
siderable enthusiasm, and there is no
doubt but that in a short time Gains-
ville may boast of a first-class, up-to-
date library.

MR. NIXON DIDN'T SAY IT.

The Sun Wrongly Informed on His
Sermon Sunday Morning.

Those who heard the sermon of Rev.
T. J. Nixon, pastor of Kavanaugh
Methodist Church, Sunday, state that
The Sun misquoted the remarks of the
preacher. While it is true Mr. Nixon
did read the rules of the church re-
garding attending places of amuse-
ment, concluding with a remark that
"A Word to the Wise Is Sufficient,"
those present say that no further re-
ference was made to the matter.

The Sun has no inclination to mis-
quote Mr. Nixon or anyone else, and
can only say that the reporter was mis-
informed. It might be well to add in
conclusion, however, that if Mr. Nixon
had uttered the words, or anything
similar, he would have probably come
near being right, as the laws of the
Methodist church prohibit the attend-
ance of the members upon such func-
tions.

Officer Kills Desperate Negro.

Kingston, Ga., Nov. 7.—Deputy Mar-
shal J. S. Bingham, shot and killed
Floyd Robinson, a negro, this after-
noon. Robinson worked on the West
end and Atlantic railroad track with
J. H. Mitchell's hands. He got on a
drunk, and with a double-barreled shot-
gun was taking in the town. In the
public square he fired his gun in the
midst of a crowd of negro people. He
resisted arrest, with many oaths
against the ability of a white man to
arrest him. He was told to halt three
times. The third time he wheeled
around, raising his gun to the act of
firing, when Bingham fired, killing him
instantly. The shot took effect below
the ear, breaking his neck. Bingham
gave himself up, and is under arrest.

NOT A "PATENT MEDICINE."

Scott's Emulsion is not
a "patent medicine." It
has no secret ingredients.
Your doctor can, no
doubt, tell you as much
about it as we could. We
have merely perfected the
method of blending the
Norwegian cod liver oil,
hypophosphites of lime
and soda and glycerine.
As one grocer will blend
coffee better than another
so we have succeeded in
making Scott's Emulsion
a little better than any
other cod liver oil pre-
paration. There's no
"patent" and the only se-
cret is the secret of know-
ing how, with the per-
fected mechanical means
at hand to do it. Get
Scott's and you get the
perfect emulsion. It's the
greatest thing in the world
for regaining strength and
flesh lost through wasting.

SCOTT & BOWNE, 409 Pearl Street, New York.

Student Accidentally Kills Self.

Athens, Ga., Nov. 7.—In his room in
Candler hall, on the campus of the Uni-
versity of Georgia, W. S. Loyd a mem-
ber of the senior class of the univer-
sity shot and killed himself as the
result of an accident. He was in the
room with his roommate and was play-
ing with a loaded pistol at the time of
the fatal accident. His roommate
cautioned him against such a handling
of the pistol and told him to stop it,
at least while he was around. Just
then there was a loud report and the
smoke of the pistol filled the room.
The young man pitched headlong out
of his chair to the floor and it was ap-
parent at once that he had been fatal-
ly injured.

Five Negroes Under Arrest.

Franklin, Ga., Nov. 7.—Five ne-
groes are now under arrest in con-
nection with the killing of Max Wilson,
a white man who was done to death here
last week. Doc Hardy, the alleged slay-
er of Wilson, was placed in jail here
Saturday night, having been caught in
this county by the sheriff. Four other
negroes, George Houston and his two
sons, Ed and Charles, and Pless Al-
mond, are said to have backed Hardy
in the commission of the crime, and
they have been taken in custody by
the officers.

Men Held for Italian's Death.

Holland, Mich., Nov. 7.—Peter Stag-
nolito, an Italian fruit dealer, was found
dead late last night in a back room of
his store here with four bullet holes
in his body. His brothers Jerry and
Tony Martens, are under arrest. They
claim Peter Stagnolito committed sui-
cide, but the officers disbelieve their
statement, pointing to the fact that
two of the bullet holes made in the
dead man's back. It is said there had
been bad blood between the dead man
and Martens.

Man Murdered and Burned.

Brady, Tex., Nov. 7.—Meager details
of a brutal killing at Hext in Menard
county, have reached here. A man
named G. Livingston, was shot and
butchered with a knife and then bur-
ied. The telephone message states
that Edna Stark, a merchant of Hext,
has been arrested by the officers of
Menard county and has given bond.
The cause of the killing could not be
learned here. Domestic troubles are
said to have caused the tragedy.

**I'm Growing
Old Fast**

And you know why, too. It's because
your hair is turning gray. Don't you know that Ayer's Hair
Vigor restores color to gray hair? Well,
it does. And it never fails, either. It
stops falling hair, and keeps the
scalp clean and healthy. Do not grow
old so fast. No need of it.

THREE KILLED BY EXPLOSION.

Gas Leakage Causes Terrible Disaster
in a Michigan Town.

Detroit, Mich., Nov. 7.—A News spe-
cial from Ishpeming, Mich., says three
children are dead and thirteen are in-
jured, one fatally as the result of an
explosion here which completely de-
stroyed the Miner's national bank.

The dead are:

Steven Goodman, aged 13 years.
Alice McGee, aged 10 years.
Edward McGrath, aged 12 years.

James F. Mullen was fatally injured.
A gas leakage in the basement of
the bank building was primarily re-
sponsible for the explosion and loss of
life. Gas was detected coming from
the building and two workmen went in
the basement about 9 o'clock with
lighted candles to investigate. The
flames evidently ignited the gas in the
basement, for a tremendous explosion
followed.

The two workmen were blown en-
tirely through a basement window and
landed uninjured in an open box car
standing on a nearby track. The build-
ing was completely wrecked. The chil-
dren killed were passing the building
on their way home from church and
were caught in the falling debris.

THREE KILLED IN RUNAWAY.

Virginia Farmer, His Wife and Niece
Meet Horrible Death.

Buford City, Va., Nov. 7.—John
Vaughan, a prominent Bedford county
farmer, his wife and their niece met
horrible and almost instant deaths in
a runaway on the mountain road lead-
ing to the Peaks of the Otter.

Mrs. Vaughan and the girl seem to
have been instantly killed while Mr.
Vaughan with his head and body hor-
ribly mangled, died soon after being
found, and without speaking a word.

Remarkable as it may seem, neither
the horse, harness nor buggy was in-
jured in the slightest. The buggy
cushion, but slightly damaged, was
found on the opposite of the road from
which the three bodies lay. There
were no eye-witnesses to the tragedy.

Son Lost Mother.

"Consumption runs in our family,
and through it I lost my mother,"
writes E. B. Reid of Harmony, Me.
"For the past five years, however, on
the slightest sign of a cough or cold, I
have taken Dr. King's New Discovery
for Consumption, which has saved me
from serious lung trouble." His moth-
er's death was a sad loss for Mr. Reid,
but he learned that lung trouble must
not be neglected, and how to cure it.
Quickest relief and cure for coughs
and colds. Price 50c and \$1.00; guar-
anteed at all drug stores. Trial bot-
tles free.

Dying Woman Tells of Crime.

Knoxville, Tenn., Nov. 7.—James
Winstead has been confined in jail at
Rogersville, Tenn., for several weeks
on the charge of having murdered his
own child. The evidence against him,
which was purely circumstantial, was
to have been heard this week in court.
Winstead's wife, a sufferer from con-
sumption, while lying on her death
bed, has just made a confession that
she saw the crime committed, the girl
being her stepchild. Few details of
the woman's statement were given out.

Woman's Head Is Found.

Boston, Nov. 7.—What is confidently
believed to be the head of Susanna A.
Geary, the dress suit case victim, was
recovered in a leather handbag from
the bottom of the harbor. It was
dragged to the surface very near the
point where Lewis W. Crawford and
William Howard, who have confessed
to disposing of the dismembered girl,
said they dropped it from the stern of
an East Boston ferryboat. The head
completes the body of the girl. The
trunk was found on Sept. 21, and the
limbs were picked up Oct. 27.

DR. STROUSE NOW IN MINNESOTA

Working a Big Religious Sensation in City of St. Paul.

TEACHES STIRRING SERMONS

Recent Young Southerner. Commands Attention of One of the Largest Daily Papers of the Northwest, Which Gives Him Great Publicity.

The St. Paul Pioneer Press of Monday, October 27th, contains a fine make-up of the work of Rev. Clarence Strouse in that city. The article is accompanied by seven excellent portraits of Dr. Strouse, showing the different positions and poses during his sermons, which are to say the least, interesting. The article is written on a feature plan, and comprises nearly a column of interesting quotations from his argument. Among other good things in this sermon, Dr. Strouse said:

"I am very glad to have this opportunity to testify to the saving power of Jesus Christ. But it may surprise you to know that during the six or seven years I have been in evangelistic work I have told the story only a few times.

"I am far from desiring to speak with satisfaction or pleasure of my life before becoming a Christian. I am sorry I have grieved God in the past and desire to make what restitution I can by a life of service. It is perhaps for this reason that I am seldom led in my ministry to speak of my own experience. I am unworthy to speak for Him, but I ask your prayers that what I say here, may be helpful to some young man or young woman who is confronted with similar temptations to those through which I have been.

"The world is hungry after God. Why are men and women unhappy?

"The secret is to be found in the fact that they have never settled the question of their relation to God. They can never be happy until that question is settled."

Dr. Strouse then stated the text, of which his story should be an exemplification: "The God of this world has blinded their eyes." To illustrate the text he told of a hunting trip which he took in Florida. He and his guide went out to get an alligator one night. They paddled in a canoe. The guide wore a small but powerful dark lantern fastened to his hat band which sent out its beams far ahead of the boat. The bright light blinded the eyes of the alligator and the hunters were able to creep up close and shoot it while it was still dazed by the glare of the dark lantern.

"This," said he, "is the way the devil ensnare many of his victims. He does not reveal himself in his true shape, and for awhile they are fascinated in the brightness of the life. They see nothing but the brilliancy of many pleasures, the false fire and false lights. They are blinded in mind, conscience and reason to the shortness of this life and its purpose and to the eternity which is to follow."

Dr. Strouse then told of his early life. He had wealth and an indulgent father. He was sent to Paris to be educated. It was there that were formed many of the ideals in life which controlled him in his youth and young manhood. He became immensely interested in dancing. He mastered all the figures in dancing. He became one of the best known gorman leaders in the South. The climax was reached when he gave a grand ball, with conditions ideal. His highest ambition in this regard was realized, but he found it only dust and ashes. He could not find happiness there.

He decided that he needed more excitement. He would go in for horse racing. So he went down in Kentucky and with a very liberal letter of credit behind him he bought fourteen of the best horses.

Said Dr. Strouse: "I have always loved a good horse. And I haven't been told that yet. Ninety times out of a hundred a good horse is honest and faithful and true. But it is the money company that he keeps that is the trouble with him. I believe that the race track is the greatest curse in this country today. God Almighty help me to tell you young men to avoid the race track. It has meant ruin and death and dishonor to many young men."

Dr. Strouse then continued his story. He purchased two race tracks and

A SUGGESTION

To the People of Gainesville.

The articles appearing in some of our leading publications have created a good deal of discussion in Gainesville in regard to advertised medicines, their reliability and power to cure, and as a local druggist, I. W. M. Johnson, want to say to the people of Gainesville that I believe one of the most reliable medicines that we have known in our drug experience, extending over a long period, is Vinol, the cod liver preparation, made without oil.

Vinol is not a patent medicine; everything in it is printed on the back label of every bottle, and it actually does contain in a highly concentrated form all of the medicinal, curative elements of cod liver oil taken from fresh cods' livers, and without a drop of the system-clogging oil to upset the stomach and retard its work, and this is why it is fast superseding old-fashioned cod liver oil and emulsions.

Inasmuch as Vinol is therefore the latest scientific improvement of an old and standard remedy it is the greatest strength creator in the world for old people, weak, sickly women and children, nursing mothers and after a severe sickness. It cures hacking coughs, chronic colds and all pulmonary troubles. We positively guarantee to return money if it fails. W. M. Johnson, Druggist.

went into the sport with every energy. Finally, he entered his best horse, Walter, in a great race. He backed him with his fortune. The horse won and brought him a reputation as one of the greatest of Southern horsemen. The speaker described in vivid rhetoric the winning of the race and the exhilaration and excitement of the triumph. Although his ambition was realized he found in it no real satisfaction.

"One day I entered a meeting like this. The evangelist was a man who had drunk the cup of the pleasures of this world. He talked straight to my heart. It seemed hard to give up dancing, for it meant the loss of many friends. But I tried to compromise that with the Christian life and could not. Others may be able to do so, but I cannot. It was an awful test for me to surrender my horse racing. But I said, 'O God, if you will forgive a sinner like me, I will surrender all.' The bravest thing I ever did in my life was to rise to my feet first in response to that invitation. My mother's prayers had been answered."

Pirating Foley's Honey and Tar.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds. J. W. McCollum & Co.

Meeting School Board.

The regular monthly meeting of the Board of Public Instruction was held Tuesday, a full board being present. There was nothing of unusual interest transpiring, only the regular routine work coming before the board.

The board took occasion to compliment Superintendent Dr. J. L. Kelley for the excellent display in educational work which he will have at the State Fair, and stated that they felt sure the result would be gratifying.

The board is comprised of Hons. R. B. Weeks, Hawthorn, chairman; T. A. Duke of Santa Fe and W. J. Martin of Donnie, with Dr. Kelley as secretary.

Neuralgia Pains.

Rheumatism, lumbago and sciatic pains yield to the penetrating influence of Ballard's Snow Liniment. It penetrates to the nerves and bones, and being absorbed into the blood its healing properties are conveyed to every part of the body, and effect some wonderful cures. 25c, 50c and \$1. Sold by W. M. Johnson.

Attention, Masons.

The regular meeting of Gainesville Lodge No. 41, F. & A. M., will be held at 7:30 this evening, at which a full attendance is desired.

MR. MULLIGAN SEEMS FAIR.

Writes Clerk Wienges He Has No Desire to Deceive People.

Tuesday's Sun contained an article relative to a plat of lots recorded in the public records of Alachua county by H. Mulligan of Philadelphia, which land purported to be located in North Gainesville, etc.

Clerk Samuel H. Wienges the day following the publication received a letter from Mr. Mulligan, in reply to one informing him of the location of the land, which greatly raises the latter in the estimation of the editor of The Sun, and shows that Mr. Mulligan had no intention of deceiving or swindling the public, as stated in the article previously published. In fact, Mulligan seems to have been deceived himself. The letter to Mr. Wienges, which we publish in justice to Mr. Mulligan, is as follows:

"Philadelphia, Nov. 3, 1905.

"S. H. Wienges, Esq.,
"Dear Sir: Your favor of Oct. 31st just to hand, and contents noted with surprise, it being the first intimation I ever received that there is already another North Gainesville, and I have been in correspondence with a great many people in Florida, and have written the superintendent of the Savannah, Florida & Western Railroad, which runs through the place, at the main office at Savannah, Ga.

"I am extremely obliged to you for this pointer, and shall stop selling lots until the matter is arranged, that I can go ahead legally.

"I have been at great expense having survey and plans made, deeds, blueprints and circulars printed, extensive advertising done and contracted for, etc., etc., and feel aggrieved that just as I am about to realize on my great outlay that I am obliged to stop proceedings.

"You say: 'Your plat will be recorded in Book 'A', etc., etc. Now if this has not already been done could you hold the matter in abeyance until we decide what to do? If it has been recorded when this reaches you could the heading be changed from 'North Gainesville' to 'New Philadelphia' or 'New Baltimore'? You will note that there are about the same number of letters in the three names. Or could you suggest a name for the new town? I am not a man of means, but I am willing to pay for costs and trouble which such change should entail.

"I would be extremely grateful to you if you could facilitate my getting out of this difficulty. I would like to get matters fixed as soon as possible, as I have a large number of prospective customers for these lots, but can effect no sales now, under these conditions, and would like to be able sell some soon, so as to realize on my expenditures. Have sold a few, but none as yet on record, and there will be about 1,600 deeds for recording by this operation. Very truly yours,
"HUGH MULLIGAN.

Prominent Railroad Officials.

General Superintendent M. Riddle and General Freight Agent James Mensies of the Atlantic Coast Line, with headquarters in Savannah, were visitors to Gainesville Tuesday, having come in a private car on a tour of inspection. They expressed perfect satisfaction at the manner in which the business of the great corporation is being conducted here, in all departments. Messrs. Riddle and Mensies left on the noon train for points in South Florida.

Constipation.

Health is absolutely impossible if constipation be present. Many serious cases of liver and kidney complaint have sprung from neglected constipation. Such a deplorable condition is unnecessary. There is a cure for it. Herbine will speedily remedy matters. C. A. Lindsey, F. M. Brown, Fla., writes, Feb. 12, 1902: "Having used Herbine, I find it a fine medicine for constipation." 50c a bottle. Sold by W. M. Johnson.

Card of Thanks.

Mr. and Mrs. Hal Young, Mr. Hayward Young and other relatives, desire to express through The Sun their sincere gratitude and appreciation for the many kindnesses extended on the occasion of the funeral of Mrs. Kate H. Young. These kindnesses from loving friends will never be forgotten, and God's blessing are asked upon them.

OUR SCHOOL SYSTEM.

The raising of the standard of our schools in nearly all cities of the State, by the action of the Buckman bill school law, has been the principal cause of nearly all of them being crowded to overflowing.

Now we have public schools from which students graduate to the State University without any further preparation, a system as good as any State in the Union, and will have a University that will be a credit to the State, yet some fossils are appealing to the "tax-payers" with alligator tears streaming down their cheeks, and trying to explain to the people that they are being robbed, because their master tells them what they must do. The veil that covers the many brows of some of the defenders of the injured innocence is of too gauzy a fabric to conceal their brasseness.

Men who fought for the Buckman bill first and last, now have enlisted Hessians to aid them in their nefarious work of trying to ruin because they could not rule. But the man who puts up his filthy gold to tear down what is proving a blessing and relief to the common people will surely get trapped at his game.

There has been no law enacted whereby the State will lose hundreds of thousands of dollars. The poor tax-payers know that. But the poor tax-payer now has an opportunity to let his children get a high school education as well as the rich tax-payers' children. The high school under the Buckman bill is for education, and not for show, and the graduate from the English course of any high school in Florida today will find himself with an education that will enable him to enter any business enterprise in the country, barring the professions.

For shame! To think that some of those who fought so desperately for the Buckman bill, and when their plans came to naught, should in their rage put men at work to destroy the operation of the law.

At a recent meeting of the State Board of Pardon the following resolution was adopted: "Resolved, That from and after this date, whenever an application for pardon has been presented to this board and denied, or judgment withheld, that the said application shall not again be considered by the board unless another notice shall have been given by the applicant or his attorney or agent, that the applicant will again apply for pardon, in accordance with the provisions of law."

There is at least a prospect of a site for the Governor's Mansion—which was provided for by an appropriation of \$25,000 by the last Legislature—being selected. A proposition was submitted yesterday which it is believed will be acceptable to the commission, when the full commission meets again.—Tallahassee Capital.

Whenever a man appeals to the tax-payers the chances are that he is in the employ of a big tax-payer or is figuring for a place for himself.

The Times-Union says that Dr. Orill would make a governor thoroughly representative of the State.

COTTON GROWERS.

The meeting of the Sea Island cotton growers at Alachua, held on Thursday, Nov. 2nd, was the starting of a movement to perfect an organization that cannot fail to be of benefit to the growers of the long staple. A committee on resolutions was appointed, and the following is the result of their deliberations:

"Resolved, That a meeting of the Sea Island Cotton Growers' Association, be held at Valdosta, Ga., at 8 o'clock p. m. on Thursday, Nov. 23d, 1905, for the purpose of forming a consolidated association.

"Resolved, That each county in the bounds of the association, and each county in Georgia growing Sea Island cotton, is hereby requested to organize under the by-laws and resolutions herewith submitted, and to select delegates to meet with us at Valdosta, Ga., on the above date.

"Resolved, That we request the association to empower their delegates to take such steps as they deem best for the benefit of the growers of Sea Island cotton, especially for the purpose of bettering prices.

"Resolved, That we recommend the association that shall be formed at Valdosta, request the agricultural and census department of the United States to report on the Sea Island cotton separately from their regular cotton report."

It was also resolved that the resolutions be printed in the county papers and the daily papers in the Sea Island cotton belt.

A resolution was passed urging the people to hold their cotton until after the Valdosta meeting. Every grower in the Sea Island belt was requested to write a card to Col. John B. Deil, Valdosta, Ga., on Saturday, Nov. 19th, giving the number of bales of Sea Island cotton ginned up to that date last year, and the number to the same date this year, and the probable number to be ginned in their section this year.

Resolutions were passed thanking the press for the help that they are rendering the down-trodden people throughout the cotton belt; thanking the cotton factories for assisting in holding the cotton, and urging the farmers that are not able to hold their cotton to ship it to the factory and draw as much money on it as they could sell it for in the interior and then be holding the cotton.

FOR BEST METHODS.

In answering a communication from the Mayor and Board of Trade of Gainesville, regarding the Buckman bill and the location of the University in Gainesville, The Orlando Daily Reporter says:

"This paper stands for the best methods in State education. We believe the Buckman plan, as adopted by the last Legislature, conserves these interests. The selection of a location was important, but secondary to the main question. We believe the board chose the place best suited upon the merits of the case as presented. That Gainesville proved to be the place was certainly fortunate for that city, and it seems to be satisfactory to this part of the State. But the purely selfish interests of no part of the State should weigh in so important an issue. The interests of the entire State should be the care of every separate locality. As any war upon the Buckman bill would really, at bottom, be a selfish war for the University site, we believe the great mass of the people would not be in sympathy with a fight having that for its motive."

The Metropolis of Jacksonville will be printed next Saturday on its new press that prints 24 pages at one time. The new press is the greatest and fastest newspaper press ever brought to this State, and The Metropolis the greatest evening paper in the State.

Beware of Ointments for Catarrh That Contain Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is tenfold to the good you can possibly derive from them. Treasurer Knott does not intend that any of the State's money shall get away illegitimately if he can prevent it. He is now having installed a complete system of protection, authorized by the recent Legislature, and constructed by the American Bank Protection Company. It consists of chilled steel lining of the treasury vault containing the two burglar-proof safes, said lining being insulated and electrically connected with three large alarm gongs, governed by time-set machinery and guaranteed to "raise the town" if anyone should attempt an entrance into the vault between the closing and opening hours.—Tallahassee True Democrat.

A Lake county matron was interviewing a certain denominational college president on the entry of her daughter in school and what she would like her study. "Well, I guess you would like for her to take a course in the gymnasium?" queried the modern learned man. "No, Doctor," the lady replied, "I give her plenty of exercise in the kitchen at home; when I get ready for her to wear bloomers and skin a cat I'll let you know."—Tallahassee Herald.

Four Facts For Sick Women To Consider

Lydia E. Pinkham's Vegetable Compound Has an Unequalled Record of Cures—Mrs. Pinkham's Advice Is Confidential, Free, and always Helpful

FIRST.—That almost every operation in our hospitals performed upon women becomes necessary through neglect of such symptoms as backache, irregular and painful menstruation, leucorrhoea, displacements of the uterus, pain in the side, burning sensation in the stomach, bearing-down pains, nervousness, dizziness and sleeplessness.

SECOND.—The medicine that holds the record for the largest number of absolute cures of female ills is Lydia E. Pinkham's Vegetable Compound. It regulates, strengthens and cures diseases of the female organism as nothing else can.

For thirty years it has been helping women to be strong, curing backache, nervousness, kidney troubles, all uterine and ovarian inflammation, weakness and displacements, regulating menstruation perfectly and overcoming its pains. It has also proved itself invaluable in preparing for childbirth and the change of life.

THIRD.—The great volume of unsolicited and grateful testimonials on file at the Pinkham Laboratory at Lynn, Mass., many of which are from time to time published by permission, give absolute evidence of the value of Lydia E. Pinkham's Vegetable Compound and Mrs. Pinkham's advice.

FOURTH.—Every ailing woman in the United States is asked to accept the following invitation. It is free, will bring you health and may save your life.

Mrs. Pinkham's Standing Invitation to Women.—Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. All letters are received, opened, read and answered by women only. From symptoms given, your trouble may be located and the quickest and surest way of recovery advised. Out of the vast volume of experience in treating female ills Mrs. Pinkham probably has the very knowledge that will help your case. SANTA FE NEWS.

The Cotton Crop is Interfering With Education of Children.

Santa Fe, Nov. 7.—Here we are yet, scraping out the last of the crop of four-cent cotton, and getting ready to grind the sugarcane crop. The farmers claim, as usual, a short crop. They seem to be determined to hold cotton for better prices this year, but to one of the experience that the writer has had in farming, the better plan for the future would be to plant less, for unless there is a change from the present system of planting a large crop of cotton and depend on their children who ought to be in school to pick it, we will in a few years turn out the largest crop of ignorant children that any country can be cursed with. Look at the present average of the country schools today, and then ask the cause. The answer is that we can't have cotton pickers and our children will have to stay out of school to pick the cotton. The result will be as stated above. Owing to the financial condition of our county our schools have had this year shorter terms, but by enactment of the last Legislature any rural school that makes an average of 80 per cent can get two months more. Ask why the schools are not availing themselves of that most liberal offer? The answer is "too much cotton."

The Santa Fe public school is getting along nicely under the able and most efficient management of Prof. J. R. Durrance as principal and Miss Georgia Martin as assistant. While the school is in perfect harmony, its attendance is not as good as desired, owing to the same old story of too much cotton to gather.

R. H. Holstein, the boss watermelon grower of this section, is expecting to move to Hague soon, where he has rented a large body of land. He will plant largely in melons.

G. S. Burhans Testifies After Four Years.

G. B. Barbours of Carlisle Center, N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick dust sediment, and pain and symptoms of kidney disease disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed and I am evidently cured to stay cured, and heartily recommend Foley's Kidney Cure to anyone suffering from kidney or bladder trouble." COUNTY FATHERS HAVE GOOD MEETING

With Renewed Confidence in State Fair Exhibit, Give More.

ALACHUA WILL BE THERE

With as Fine and Diversified Exhibit as Was Ever Seen at Any State Fair, and Chances are Good That We Will be Awarded Prize.

The regular monthly meeting of the Board of County Commissioners was held Tuesday, Chairman John G. Dampier and Commissioners Pedrick, Osteen, Pauling and Townsend being present.

There was a great deal of important business transacted at this meeting, a full report of which will be taken from the minute book as soon as same is recorded.

Among the most important business was the awarding of an additional \$250, making a total of \$750, for use in making a display at the State Fair. Vice-President Burris, representing the Florida Mid-Winter State Fair Association, and Manager of Exhibits Tench of the Alachua County Fair Association, appeared before the board and stated that all arrangements were completed, and that five carloads of exhibits had been collected and would be transported to Tampa, to show what inducements Alachua county offered to the home-seeker in agriculture, horticulture, manufacturing and mining. An additional appropriation of \$250 was asked and readily granted, as the commissioners appreciated the work of Manager Tench in making the collection, and appreciated also the great advertisement and benefit which might be derived from this exhibit.

A large number of bills for various purposes were read, found correct, and ordered paid. Of this amount a considerable appropriation was for road work.

Man's Unreasonableness

Is often as great as woman's. But Thos. S. Austin, manager of The Republican of Leavenworth, Ind., was not unreasonable, when he refused to allow the doctors to operate on his wife for female trouble. "Instead," he says, "we concluded to try Electric Bitters. My wife was then so sick she could hardly leave her bed, and five (5) physicians had failed to relieve her. After taking Electric Bitters she was perfectly cured, and can now perform all her household duties." Guaranteed by all druggists. Price 50c.

City Directory For Sale.

We have a number of copies of Burris' City Directory for sale at The Sun office. It is a handy reference book for business and professional men, giving the names of residents, with street and number. Price, \$2.

KEEP YOUR HEAD UNCOVERED.

The Constant Wearing of a Hat Propagates Dandruff Germs.

There are many men who wear their hats practically all the time when awake, and are blessed with a heavy shock of hair; yet if the scalps of these same men once become infested with dandruff germs, the parasites would multiply all the quicker for lack of air. Baldness would ensue as the final result. Newbro's Herpicide kills these germs and stimulates unhealthy hair to abundant growth. Herpicide is a pleasant hair dressing as well as a dandruff cure and contains not an atom of injurious substance. Sold by leading druggists. Send 5c. in stamps for sample to The Herpicide Co., Detroit, Mich.

NATURE'S NOBLEMEN.

Those Who Are Ambitious to Be Useful Rather Than Rich.

A young man of ability and great promise recently refused to enter a vocation which would yield him a large income, lest the temptation to become rich might eat up his desire to help his fellow men. He feared that the frantic struggle for wealth and self being waged by the majority of men with whom his position would force him to associate would insensibly draw him into the same vortex of selfishness. He felt that his ideals would become tarnished, that his aspirations would be stunted in such an atmosphere, and so he chose a vocation which would enable him to render the greatest service to humanity.

It is a refreshing thing in a material age to see people who are ambitious to be useful rather than rich, who are more eager to help others than to make money. These are nature's noblemen; these are the characters which enrich life and which have pushed civilization up from the savage to the Florence Nightingales and the Lincolns.

One of the most promising things about our civilization today is that, side by side with the greed for gold, is the ever growing passion of humanity for good. The number of people who prefer to be useful to their fellow men rather than to make money is constantly increasing. This passion for good is the salt of humanity; it is what makes us believe in the future of the race.—Success.

ARTISTIC TEMPERAMENT.

Defined as a Disease That Afflicts Amateurs.

Gilbert K. Chesterton's "Heretics" contains some of his keenest and most amusing writing. Of great men he observes: "The first rate great man is equal with other men, like Shakespeare. The second rate great man is on his knees to other men, like Whitman. The third rate great man is superior to other men, like Whistler." In the following there may be discovered as much truth as humor:

"The artistic temperament is a disease that afflicts amateurs. It is a disease which arises from men not having sufficient power of expression to utter and get rid of the element of art in their being. It is healthful to every sane man to utter the art within him; it is essential to every sane man to get rid of the art within him at all costs. Artists of a large and wholesome vitality get rid of their art easily, but in artists of less force the thing becomes a pressure and produces a definite pain, which is called the artistic temperament. Thus very great artists are able to be ordinary men—men like Shakespeare or Browning. There are many real tragedies of the artistic temperament, tragedies of vanity or violence or fear, but the great tragedy of the artistic temperament is that it cannot produce any art.

THE BRIDES OF VENICE.

An Ancient Custom That Once Had a Rude Interruption.

In the year 902, according to old custom, all the brides for the year at Venice assembled on St. Mary's eve at the cathedral, taking with them their dowries in small chests. There they awaited their bridegrooms, who followed them, and after mass they were married and received the bishop's blessing.

In this year the sea rovers of Trieste burst in upon the expectant maidens, who were all dressed in white, with hair loosely flowing and interwoven with threads of gold, carried them off to their barks and hoisted sail.

The doge of Venice summoned his men to arms, pursued the rovers, overtook them in a creek still known as the Port of the Damsels and brought the brides back in triumph.

In memory of this event a solemn procession of twelve young women took place yearly, and the Marian games were observed with great splendor until the year 1379, when they were discontinued in a time of disastrous war.—London Standard.

Jefferson Identified Him.

Laurence Hutton, the author, once stopped at the Touraine hotel in Boston on his way from Bar Harbor to New York, and, being short of funds after his summer outing, the hotel clerk required identification before assigning him a suit of rooms.

Mr. Hutton looked around the lobby and noticed Joe Jefferson, to whom he confided his predicament. Mr. Jefferson went to the desk and, slapping Mr. Hutton on the back, remarked to the clerk, "I don't know who Laurence claims to be, but he's the boy." He was given the pick of the house.

A Bad Patient.

Friend—I suppose you're always glad to get a patient who's never had any bad habits. Doctor—Indeed I'm not. Friend—How's that? Doctor—Why, man, I can't order him to stop anything.—Louisville Courier-Journal

Some naturalists say that the whale was once a land animal that took to the water for safety.

THE NEEDLE'S EYE.

Strange Story of How the Sewing Machine Riddle Was Solved.

Elias Howe almost beggared himself before he discovered where the eye of the needle of a sewing machine should be located. His original idea was to follow the model of the ordinary needle and have the eye at the heel. It never occurred to him that it should be placed near the point, and he might have failed altogether if he had not dreamed he was building a sewing machine for a savage king in a strange country. Just as in his actual waking experience, he was rather perplexed about the needle's eye. He thought the king gave him twenty-four hours to complete the machine and make it sew. If not finished in that time, death was to be the punishment.

Howe worked and worked and puzzled and puzzled and finally gave it up. Then he thought he was taken out to be executed. He noticed that the warriors carried spears that were pierced near the head. Instantly came the solution of the difficulty, and while the inventor was begging for time he awoke. It was 4 o'clock in the morning. He jumped out of bed, ran to his workshop, and by 9 a needle with an eye at the point had been rudely modeled. After that it was easy. This is the true story of an important incident in the invention of the sewing machine.

ART OF CONVERSATION.

Spontaneity is a Necessary Ingredient of Engaging Talk.

"What I wish," says an essayist in Cornhill Magazine, "is that seriousness to talk that they apply to golf; that they should desire to improve their game, brood over their mistakes, try to do better. Why is it that so many people would think it priggish and effeminate to try to improve their talk and yet think it manly and rational to try to shoot better? Of course it must be done with a natural zest and enjoyment or it is useless.

"What a ghastly picture one gets of the old fashioned talkers and wits, committing a number of subjects to memory when they are dressing for dinner and then turning over a commonplace book for apposite anecdotes and jests, adding dates to those selected that they may not tell the same story again too soon, learning up a list of epigrams, stuck in a shaving glass, sallying forth primed to bursting with conversation!

"It is all very well to know beforehand the kind of line you would wish to take, but spontaneity is a necessary ingredient of talk, and to make up one's mind to get certain stories in is to deprive talk of its fortuitous charm."

WILL CONVEY NEXT WEEK.

The Fall Term of the Circuit Court Will be a Lengthy One.

The fall term of the circuit court for Alachua county will convene next Tuesday, the 14th inst., and as a result Sheriff Fennell and Deputy Sheriff Granger have been busy for the past few days summoning jurors and witnesses.

The docket is a heavy one, and it may require three weeks or a month to clear same. A number of cases have been standing for some time, and it is the desire of Judge Wills and State Solicitor Calhoun to clear the docket of these cases especially.

Mr. Wiggins An Old-Timer.

"I see by The Sun of recent date that there are only three residents of Alachua county who were citizens of Florida as a Territory," remarked Barrrell Wiggins of Hague, who was among the visitors to Gainesville Monday. "I was born in Alachua county on the spot where the waterworks plant now stands. In 1844, and inasmuch as Florida was not admitted to the Union until 1845, I am somewhat of an 'old-timer' myself."

Mr. Wiggins did not give this information for publication and said so at the time; but these pioneers are so few and far between at this age that he deserves to go on the list as a fourth one, if he has not already constituted one of the three.

Notwithstanding the fact that Mr. Wiggins has advanced to a ripe age, he is yet active, and declares boastfully that he can endure as much work as the average young fellow, and conclude his day's labor without any more fatigue. He has always been regarded as one of the most successful planters in the county, and has reared a useful and energetic family.

Mrs. S. L. Ward and son Eljah were in the city from Orange Heights yesterday.
